

# DELIBERATE ON STATE PROBLEM

Republican State Central Committee Will  
Probably Only Endorse The La Fol-  
lette Delegates.

## DAVIDSON IS IN CONFERENCE THERE

Talk Was That Connor Would Like To Be One Of The  
Four Delegates-at-Large To The Gathering  
In Chicago.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., Feb. 27.—William D. Connor, lieutenant governor and chairman of the republican state central committee, is not going to attend the conference of the republican state central committee in Chicago, which will be held at the La Follette hotel, and who shall not be delegates at large to the republican national convention if Connor is correct. The La Follette committee some time ago announced the candidacy of Senator Stephenson, Congressman Cooper, George Brunner and Alvin Peterson for these places.

The meeting of the state central committee in Milwaukee today is expected to develop some interesting situations. It is said that Mr. Connor feels that he is entitled to go to the convention as delegate at large and that he does not intend to give up his ambition in this regard without some sort of battle.

A close friend of Mr. Connor, who is on the state central committee, intimated that some interesting political developments will develop before Senator La Follette's wish to have a solid delegation from Wisconsin in the national convention is gratified.

"We believe that we have all been good republicans," says this friend, "and we think that we all ought to have something to say about the naming of delegates at large. There is no disposition to contest Senator La Follette's ambition to be supported by Wisconsin for the presidential nomination."

Mr. Connor does not want to fight La Follette, on that score, in fact he has turned down offers from certain elements in the state which would like to see some efforts directed in interest of Tull.

Governor Davidson, who is for La Follette, would like to have been a delegate at large and the only reason Davidson refused to be a member of the delegation was because Mr. Connor was not invited to be one of the number.

"Davidson, when the subject was first broached to him, suggested that the same delegation that was turned down by the national convention four years ago be sent this year. This would mean La Follette, Cooper, Stephenson and Brunner. This suggestion may bear fruit at the meeting of the committee today and some efforts may be made to send these men."

## NATIONAL LEAGUE PITCHER MARRIES

Orval Overall of the Chicago Nationals  
Marries Miss Ethel Hinson  
Today.

[SPECIAL TO THE GAZETTE.]  
Chicago, Ill., Feb. 27.—When the Chicago club of the National league starts on its spring training trip next week, Orval Overall, one of the star pitchers of the team, will carry his bride with him. "Big Orval," as the popular pitcher is known to the fans, was married today to Miss Ethel Hinson, of Englewood. Overall and his bride of today have long been fast friends, but according to report the pitcher did not succeed in clinching his hold on the affections of the young lady until after he had done his part in winning the world's championship for his team last fall. The bride is an accomplished musician and very popular in Englewood society.

## WAS FOUND IN ROAD FROZEN TO DEATH

Hulda Krutt Discovered Dead From  
Exposure Near Racine at Four  
This Morning.

[SPECIAL TO THE GAZETTE.]  
Racine, Wis., Feb. 27.—Hulda Krutt was found frozen to death on the Asylum road southwest of this city at four o'clock this morning. For some time she had not been living with her husband, making her home with a sister on the Fish farm a short distance from where she was found. From the investigation made since the discovery it is believed that she was overcome with the cold at eleven o'clock last night while returning from this city.

Closed Sunday: Evansville, Feb. 27.—The Reorganized Church of Jesus Christ of Latter Day Saints closed Sunday evening a very interesting semi-annual district conference at Evansville. The services were held in the city hall and well attended, members being present from Madison, Beloit, Janesville, East Delavan, Lancaster, Oregon, Lyons, Milwaukee and Chicago. High Priest W. A. McDowell of Chicago was in charge. He will continue to hold meetings each evening the coming week in Evansville. There is a live active "branch," as they term their local churches, in Evansville.

"An effort may be made to compromise on the basis of sending Connor and Davidson. At any rate we do not propose to allow the La Follette committee to name delegates at large without a fight."

"I am sure that La Follette would like to see Davidson on the delegation and with a foul between Connor and La Follette the political situation in Wisconsin would be cleared again. Their trouble is over a ridiculous matter anyway—the Mary Ann Bill."

Another upshot of this situation will probably be the practical uniting of all excellent latitudes for Davidson for another term of governor. It is La Follette who is seeking a favor at the hands of the republicans of Wisconsin now and it would not be a difficult matter to break the delegation from Wisconsin if any sort of effort were made. I think you will see some fun in the next ten days."

This afternoon when the republican state central committee met here this afternoon the indications were that the committee would comply with the primary law in the election of delegates to the national convention and not hold a party convention as did the democrats recently. Rumors that some effort would be made to bring about a change in the delegation at large decided upon by Senator La Follette and his friends is strongly denied and it was stated that the senator would be given practically full rein in his desire to have a solid delegation from Wisconsin to the national convention in favor of his candidacy for the presidential nomination.

Some of the friends of W. D. Connor wanted to make some effort in his behalf, believing that he was entitled to be on the delegation at large to the national convention and have Governor Davidson, who it is understood refused to be a delegate because Mr. Connor was not invited, be his friend, however, that Mr. Connor or his friends are not to make any effort whatever in the matter of delegates at large and that Senator Stephenson, Congressman Cooper, Alvin Peterson and George Brunner will be supported for these places as planned.

Governor Davidson arrived in the city this noon and is in conference with the members of the state central committee this afternoon.

## HAS OPERATION FOR PECULIAR ACCIDENT

Rhineland Man Has Pencil Removed  
Which He Swallowed While  
Playing Cards.

[SPECIAL TO THE GAZETTE.]  
Oshkosh, Wis., Feb. 27.—August Peterson, a resident of Rhineland, is the victim of a peculiar accident and is in the hospital here for the removal of a lead pencil seven and one-half inches long which he swallowed at Christmas time. He was playing cards and keeping score when the pencil slipped down his throat. It passed through the stomach and into the intestines and into the bladder where the surgeon removed it. While the pencil caused him much pain he was able to attend to his work but this week made up his mind to have it removed and came to Oshkosh to have the operation performed. The pencil contained the brass tip rubber eraser and not even the point was broken, although some of the paint was gone. Mr. Peterson is doing nicely today.

## SCOUT CRUISER IS GIVEN TRIAL TODAY

The Cheater, First Vessel of Its Type  
on Official Standardization Trial  
Today.

[BY ASSOCIATED PRESS.]  
Rockland, Me., Feb. 27.—The scout cruiser Cheater, the first vessel of its type to be completed for the United States navy, started out today for her official standardization trial on the Rockland course. The trial was expected to conclude early this afternoon and will be followed tomorrow by a four-hour run to Boston Light, when her contract requires the cruiser to make at least twenty-four knots per hour.

## KIEFER NOMINATED FOR A THIRD TERM

[BY ASSOCIATED PRESS.]  
Springfield, O., Feb. 27.—General J. Warren Kiefer was nominated for a third term in congress by the seventh district republicans here today.

That "Joyful" Nuisance, Mr. Mullygrub, and his "hard times" wail, also a suggestion as to how to shut him up.

## MAY SELL CHURCH TO PAY INDEBTEDNESS

Appleton Episcopal Church is to be  
Sold by April 18 if Debt is  
Not Paid.

[SPECIAL TO THE GAZETTE.]  
Appleton, Wis., Feb. 27.—Unless indebtedness aggregating \$1,800 is liquidated before April 18, All Saints Episcopal church, Appleton, constructed at a cost of upwards of \$35,000 during the rectorship of Father Sedon P. Delany, now dean of All Saints Cathedral, Milwaukee, will be held at sheriff's sale, notice to this effect having been posted here at 4 o'clock yesterday afternoon. The plaintiff is Herman Wildhagen, who is supervising architect during the construction of the handsome edifice several years ago.

Numerically, All Saints congregation is the smallest in Appleton, but its parishioners comprise several of the wealthiest and most exclusive residents of the city. Dissention in this church first manifested itself some months ago when a difference of opinion arose as to the desirability of high or low church service. The trouble reached a climax during the pastorate of Father Cox, now of Sheboygan. The young priest, who came from Bishop Gratiot's Cathedral at Fond du Lac to succeed Father Delany, insisted upon high church services and because a number of members objected to this he resigned. All Saints church since that time has been without a rector.

One prominent member of the church declared this morning that he is informed that Bishop Gratiot would not permit the church to be disposed of at sheriff's sale, but would devise means whereby all indebtedness could be liquidated to the satisfaction of the plaintiff in this action. In addition to Mr. Wildhagen's claim, the congregation is carrying an \$11,000 mortgage on the church, which is due before April 18, and the edifice is actually put up for sale to the highest bidder. Lawrence university will make an effort to buy it. The church is located on a corner adjacent to college property and President Plantz would buy it as a chapel.

## CENTRAL COMMITTEE MEETS IN ST. PAUL

Minnesota State Central Republican  
Committee Meet to Pick Time  
and Place of Convention.

[SPECIAL TO THE GAZETTE.]  
St. Paul, Minn., Feb. 27.—The first step in the Minnesota Republican campaign for 1908 was taken this afternoon, when the members of the State central committee gathered in conference at the Merchants' hotel to decide upon the time and place for holding the State convention. Opinions expressed by the committee prior to going into executive session appear to favor the selection of a date in the latter part of April for the convention to name delegates to the Chicago convention. The State nominating convention probably will be put over till June.

## MISSOURI DECIDES ON THE DELEGATES

Selects Twenty-two for the Republi-  
can National Convention  
In Chicago.

[BY ASSOCIATED PRESS.]  
St. Louis, Mo., Feb. 27.—The republican state convention met here today to select four delegates-at-large to the Chicago convention and eighteen presidential electors.

## KAISER CELEBRATES 27TH ANNIVERSARY

German Emperor Observes 27th Anni-  
versary of his Marriage to the  
Empress.

[SPECIAL TO THE GAZETTE.]  
Berlin, Feb. 27.—The German Emperor and Empress observed their twenty-seventh wedding anniversary today with a reception and dinner at Potsdam. The Emperor, then Crown Prince, was married to Princess Victoria of Schleswig-Holstein, February 27, 1881. He was then twenty-two, and his bride was three months his senior.

## INTERSTATE BRIDGE IS TO BE REPAIRED

Duluth-Superior Line of Communica-  
tion is Again to be Put into  
Operation.

[SPECIAL TO THE GAZETTE.]  
Superior, Wis., Feb. 27.—Whitney Bros. have been awarded the contract for the wrecking and building the approaches to the Interstate bridge. It was announced yesterday afternoon soon after the contract had been let that the work would be begun some time today. It is given out as the intention to make longer and higher approaches within the middle of the approaches will be so built as to provide for railroad traffic, being arranged for two tracks. It is thought that the work may be completed a short time before the draw is in shape. Through a recent decision in the United States supreme court the owners of the steamship Troy, the Western Transit company, is not held responsible for the wrecking of the Superior-Duluth bridge in August, 1906. The case went through all the United States courts and the decision was handed down yesterday, deciding against the local corporation.

The Interstate bridge was hit by the steamer Troy shortly after midnight on night in August, 1906. There was considerable discussion as to who was to blame for the accident. The bridge people claimed that the boat people claimed that the bridge people were at fault and there the matter stood. Whether the bridge owners were lending strictly to their duty on the night of the event was a question that was widely discussed on both Superior and Duluth by the citizens. The damage to the bridge amounted to approximately \$150,000.

## ASK COMMISSION FOR LONGER TIME

Railways to Appear Before Commission  
to Show Cause Why New Law  
Should not be Effective

[SPECIAL TO THE GAZETTE.]  
Washington, D. C., Feb. 27.—The Interstate Commerce Commission today began the hearing of applications from various railroads for an extension of time in regard to the putting into effect of the so-called nine-hour law. This law, which was enacted by the last session of Congress and is to come into operation next Wednesday, limits the hours of service of all classes of train operatives particularly locomotive engineers and firemen, railway telegraphers, towermen and signmen, to nine hours per day. Some of the leading roads have already agreed to meet the requirements of the law, while others request an extension of time for various reasons. It is expected that the commission will grant an extension of time to those roads supporting their request with good reasons.

## GRANTS HEARING ON THE FORESTRY BILL

Judiciary Committee of House Con-  
siders Constitutionality of Forestry  
Reserve Bill.

[SPECIAL TO THE GAZETTE.]  
Washington, D. C., Feb. 27.—The House committee on the Judiciary today granted its initial hearing on the constitutionality of the Appalachian forestry reserve project, which has for its object the setting aside of large tracts in the southern Appalachians and in the White mountains of New Hampshire for forest reserves. The supporters of the measure believe that the constitutional questions involved in the project are fully covered by decisions of the United States supreme court, and they hope that the Judiciary committee will report its decisions without delay so as to give time for the passage of the bill at the present session.

## TROOPS OFF FOR THE PHILIPPINES

Second and Third Battalions of Fourth  
Infantry Start on Long Trip  
Today.

[SPECIAL TO THE GAZETTE.]  
Cincinnati, O., Feb. 27.—The Second and Third battalions of the Fourth Infantry left for Port Thomas today en route to San Francisco, whence they are to sail for the Philippines on March 5. The troops will go to San Francisco by way of Shreveport and El Paso. The Fourth Infantry has rather a remarkable record, as this is the third time the regiment has gone to the Philippines for duty. The officers and veterans of the regiment have already twice encircled the globe.

## VISITORS ARRIVE FOR MARDI GRAS

Thousands of Strangers Crowd South-  
ern City to see Famous Spring  
Festival.

New Orleans, La., Feb. 27.—With thousands of Mardi Gras visitors here from every section of the country, and with every arriving train swelling the congestion of strangers on the streets, New Orleans is again ready for her famous spring carnival. The indications are that during the remainder of the week the five miles will be pushed to the limit of their resources in hauling travel to the city. Hotels and boarding houses will be filled to overflowing.

The Mardi Gras visitors this year are largely people from the neighboring States, with a considerable number from the Middle States and the West. The quota from the East is not quite up to the proportions of some previous years. Cuba and Mexico, on the other hand, are sending more sightseers than ever before. Some of the preliminary events of the carnival program will begin tomorrow, but the big parades and balls will not take place until the first of the week. The arrangements for these spectacles have been completed on a scale of unprecedented magnificence.

Mrs. Eldred Better: Mrs. F. S. Eldred, who has been very ill at her home, 202 South Jackson street, is reported to be very much better today.

## DISCUSS WAGE QUESTION WITH MINERS' OFFICIALS

Operators Of Central Competitive Field And  
Union Officers Confer In  
Indianapolis.

[SPECIAL TO THE GAZETTE.]

Indianapolis, Ind., Feb. 27.—Coal operators of Western Pennsylvania, Ohio, Indiana and Illinois, composing the Central competitive field, assembled in conference today with the national officers of the United Mine Workers of America and the district officers of the same territory to decide whether a joint conference of miners and operators shall be called to re-establish the interstate wage agreement.

The wage agreement which has been in force for three years past will expire by limitation the first of April. Efforts to bring about its renewal have so far been unsuccessful. When the joint conference met here the latter part of January it found it impossible to accomplish and definite results. The miners were inclined to hold out for an increase in wages and several important modifications in the conditions of labor. The operators, on the other hand, contended that the prevailing depression in all lines of industry and the decreased earnings of the mining companies rendered it impossible to grant an increase in wages. The operators hinted, moreover, that present conditions would justify a cut rather than an advance in wages. In this frame of mind the operators and miners adjourned the conference without coming to any understanding.

Since the January conference adjourned the operators and miners of the several States have discussed the question and in most instances have practically agreed to make some mutual concessions. As a consequence there is an improved prospect for a re-establishment of the joint relations that have existed during the past three years. The wage scale conference will in all probability be called to assemble next month, either in this city or in Chicago.

## SHIPS MORE CATTLE FOR JAPAN DAIRIES

Twenty-six Head of Brown Swiss Cat-  
tle Shipped on Their Long  
Trip on Tuesday.

Ira E. Innatt of Orfordville on Tuesday shipped twenty-six head of Brown Swiss cattle to Dr. Sumitoku of Tokyo, Japan. The cattle were ordered by cable for the dairy which is owned by Dr. Sumitoku in the city of Tokyo. This dairy is one of the largest in the islands and supplies the city of Tokyo with milk and butter. Mr. Arthur Mizen accompanied the car of stock and will go with them as far as San Francisco. Henry Nelson of Beloit, who went to Japan some time ago with another shipment of cattle to the same farm, also from Orfordville, will meet the cattle and will arrange for their shipment in the care of some Japanese who will be sent over to get them. The cattle will go back on the same steamer, the Siberia, on which Mr. Nelson will return.

## OLD OFFICERS RE-ELECTED

By Wisconsin Tobacco Growers and  
Dealers at Concluding Session—  
Three Meetings Next Season.

Another spirited discussion of the  
theories and methods of the Wisconsin  
Tobacco Growers' branch of the  
American Society of Equity, was the  
feature of the closing session of the  
joint farmers' institute and meeting  
of the Leaf Through Dealers' associ-  
ation at Assembly hall yesterday after-  
noon. The speakers were not back-  
ward about criticizing what they re-  
garded as an arbitrary attempt to  
fix a price before the past season's  
crop was harvested and stating  
expressing their opinion that those  
who were drawn into the pool of in-  
discriminately good and bad crops in  
the organization's common warehouse  
and packing establishment would  
come out at the small end of the  
horn. President Holmes, on the other  
hand, justified every move that  
the society had made by the claim  
that that could not be profitably  
made at the prices that had obtained  
at the present time. The debate ended  
with a large body of sympathizers in  
the audience. The debate ended with  
each side more firmly convinced than  
before of the merits of its position.  
Just before adjournment, Hon. George  
Wylie of Morrisville, who had so  
successfully presided over the delib-  
erations, called for the report of the  
committee on resolutions and this  
report, urging united action along  
the line of better methods in tobacco  
growing as recommended by Prof. E.  
P. Sanderson, Prof. A. R. Whitson,  
and others, was unanimously adopted.

## Award of Prizes

Prize awards for the best exhibits  
of 1907 leaf tobacco were made by  
the following judges: Norman L.  
Carroll, M. F. Carver, W. B. Went-  
worth, John Sullivan, and W. T.  
Pomeroy of Edgerton. The first award  
of \$25 went to W. W. Powell of Vic-  
tory, Vernon county; the second  
prize of \$15 to G. Roen of Orford-  
ville; the third prize of \$10 to A. C.  
Ellison of Arlington; and the fourth  
prize of \$5 to George Woe of Blount-  
ton. The winner of the first prize  
stated that his crop was grown partly  
from seed procured from another  
source, and he was unable to say  
which had produced the leaves he had  
placed on exhibition. The state seed  
he declared, had proven very satis-  
factory. The winner of the second  
prize said that his crop was grown  
entirely from state seed. This led to  
a discussion of the merits of the ex-  
periment station product and T. S.  
Welch was authority for the state-  
ment that the strain was developed  
from seeds secured in Connecticut  
five years ago by Sanford, Zoverhill  
and another leaf packer; that the  
Connecticut crop in question owed  
its origin to Pomeroy seed sent there  
many years before; and that the seed  
from which William T. Pomeroy raised  
his crop in 1872 was secured in  
Weatherfield, Mass. Myron P. Green  
called attention to the difficulties  
which the dealers experienced in get-  
ting uniform crops and said, "that  
these difficulties were measurably in-  
creased when various kinds of seed  
—Connecticut and Big Norwegian and

## Election of Officers

The association decided to hold  
three sessions next year—two in the  
northern section of the tobacco belt  
and a final big roundup either in  
Janesville or Edgerton. All the old  
officers were re-elected. They are:  
President, John H. Bates of Stoughton;  
Vice President, Stewart H. Hed-

CONSTIPATION

Do you realize that Constipation

is at the root of nearly all

physical ailments? Do you

know that food and not drugs

will mainly overcome this most

common cause of disease, and

that the stomach cannot digest

unless the bowels act well?

Heintz Health Biscuits are

just what you want. They re-

lieve the most obstinate cases

of indigestion and constipation,

because they are composed of

coarse cereals which have dig-

estive and laxative qualities.

Children are greatly benefited

by them. Everybody should eat

Heintz Biscuits to keep up a

good standard of health.

My commission expires Feb. 11, 1911.

TO STAY AT HOME.

How is it that 200,000 American citizens not without civic pride, industry, or loyalty have left the land of their birth or adoption and sought homes under a foreign flag?

This question was put by C. J. Blanchard, administrator of the United States reclamation bureau, at a meeting of businessmen in St. Paul, without waiting for a reply the speaker explained how this had happened.

He said that this condition of things was brought about by the fact that the settled areas of the country were congested. As soon as the authorities at Washington realized this they set about the solution of the problem.

The organization of the reclamation bureau was the result. It was seen that if water could be carried to the rainless areas the program of the department could be carried on without any expense to the country.

Hence the bureau entered upon the heroic task of reclaiming the 23,000,000 acres of rainless land. In sixteen states and territories. This was to be done by means of engineering.

It entailed the construction of enormous dams, hundreds of miles of canals, the diversion of rivers, and the spreading of vast tracts of dormant, fertile soil. It is a comparatively easy matter to drain swamps, but there are many engineering difficulties to be overcome before the snows of the mountains can be transported to the rainless plains.

During the last six years the progress has been so great as to greatly enlarge the economic future of the west. The great plain stretching from the Panhandle district in Texas right into Canada is fast disappearing. It is being cut up into forty-acre farms of the most fruitful kind.

Instead of the cattle and sheep men who on account of their nomadic habits and isolated modes of living were not good citizens, the most creditable kind of people from the middle states are going into the country and transforming it into a paradise. Ten of these reclamation projects directly contribute to the commercial prosperity of St. Paul.

They are fed by the Northern Pacific and the Great Northern railways. When the work is complete on these projects, over a million acres of land full of dormant fertility will be brought under cultivation. The money allocated for this work amounts to \$18,700,000. Of this large sum \$8,000,000 has been spent. As the land is reclaimed the value of it is based on the cost involved so that the expense falls on none but those who take up the claims. It is estimated that in a few years no less than 18,000 families will have located on these extensive tracts and that each of these families will incur annual expenses of at least \$500, making a total of \$9,000,000 which will add to the commercial prosperity of the great trade center of the northwest.

At the conclusion of his lecture Mr. Blanchard stated that the federal government was likely to adopt the scheme advocated by Senator Platt for the draining of the Mud Lake district which will contribute so much to the prosperity of Minnesota.

FOREIGN ANARCHISTS

Once more comes the cry against the indiscriminate admission of foreigners whose teachings and actions are detrimental to the welfare and best interests of this country. In an

editorial headed "Invasion of Foreign Anarchists" the Chicago Daily News has the following to say that is pertinent to the subject:

"A wild beast of a man, an Italian anarchist, kneeling at an altar in a Roman Catholic church in Denver last Sunday, shot and killed a priest who was officiating in a solemn rite. The assassin chose his victim merely because the latter was a priest and he had lashed himself into the belief that he hated all priests.

"The enemy of society appears to be a newly arrived immigrant. He says he left Italy three months ago; that he went first to Central America and then entered the United States. Under the law he had no right to come. As a result of the assassination of President McKinley's assassin in 1903 passed an act listing anarchists among the classes of aliens to be excluded from this country. Reports of the bureau of immigration show that in each of the years 1904, 1905 and 1906 only one immigrant anarchist was denied admission. The man turned back in 1905 came from southern Italy and sought entrance at a Mexican border station.

"The new immigration act approved in February a year ago contains the following: "No person who disbelieves in or who is opposed to all organized movement, or who is a member of or affiliated with any organization teaching such belief in or opposition to all organized government, or who advocates or teaches the duty, necessity or propriety of the unlawful assassination or killing of any officer or officers, either of specifically individuals or of officers generally, of the government of the United States or of any other organized government, because of his or their official character, shall be permitted to enter the United States or any territory or place subject to the jurisdiction thereof."

"The secretary of commerce and labor should make efforts to secure a more vigorous and effective enforcement of this law."

GOVERNMENT DEPOSITS Secretary Cartelou has taken a favorable opportunity for withdrawing a part of the government deposits in the banks. The banks are amply able to pay the money. Indeed their reports to the comptroller of the currency under the last call will probably show a most extraordinary condition of strength in cash holdings.

The withdrawal of this money now will strengthen the treasury and thus make it better able to furnish aid later on in case any new emergency arises. That is exactly what a secretary of the treasury should do under the existing system. The government deposits in the national banks should be made elastic so as to be large in times of stringency and small in times of ease.

So once more comes the cry that the European anarchists have invaded the United States and one man—a Catholic priest—has paid the penalty for the laxity in the immigration methods of Uncle Sam. Always when it is too late, the doors are locked. Why not begin now before there is a next time?

It appears that Taft is gaining strength day by day. This talk of the great loss that he has sustained in a few out-of-the-way places where Chautauque lecturers have visited does not count for much in the total vote.

There still continues to be a great silence as regards the vice president candidate on both tickets, so it is safe to say the people will take what is handed them without a murmur.

Dr. Reformer insists that Daniel was the first reformer of the civil service type. This is perhaps true, as he visited with the lions for some days while journeying in Babylonia.

In selecting the new city marshal, if we are to have one, it is to be hoped that the fire and police commission will agree upon a man who is fitted in every way for the position.

All that Stossel can do with Nogi's sympathy is to place it on file. It is hardly probable he will offer as testimony to the czar in his petition for freedom.

So Chicago is again stirred up over the return of the convicted politicians who have been serving terms in Joliet for stealing the people's money.

Milwaukee is always the seat of some sort of a disturbance. Now comes the plan to renew the old, old factional republican battle royal.

In New Jersey a searching automobile hit who ran down and killed a man was sent to prison with no chances for a fine.

Wisconsin always manages to be in line with some sort of political contest. It has got Ohio beat forty ways in this respect.

Trust Mr. Bryan to keep before the public one way or another. Nothing like it in the way of advertisement.

England wants a Roosevelt. The predatory rich appear to have become in evidence over there.

Harry Thaw must be beginning to lose faith in the habercorpus writ as the days go by.

Spring freshets received a decided setback when it froze up again.

Both Waiting for Chance. A cynical man buried his wife a few days back in grand style. His most intimate friend asked why he had expended such a lavish sum on her funeral. Wiping a salt amber drop from his left eye, the widower sighed: "She would have done as much or more for me with pleasure, dear boy."

PLANS FINISHED FOR COLD STORAGE PLANT

For Cheese Which is to Be Erected in Monroe by a New York Cheese Company.

Monroe, Wis., Feb. 27.—Plans have been completed for the cold storage cheese plant that will be erected here by S. Gallo & Co., wholesale cheese dealers, New York. The building will be 36x92 feet, three stories high, equipped throughout with elevators and ventilators. The plant, which is the only one in this section of the state, will afford all modern storage facilities, and will be open to local dealers who may find storage here advantageous. Heretofore cheese for storage had to be shipped to Chicago.

Ruby Schenck, a farmer of the town of Monroe, lost a valuable horse in a snowdrift yesterday. The animal went down with the head turned off before the body could be done for it. No effort had been made to open the highway since the heavy snowfall and the townsmen were called upon to make good the loss.

Mrs. Abraham Knobel, aged 85 years, died at her home in Washington township. She came here from Germany in 1871. Three children survive her.

Miss Rosa Mavor of Jordan and Frank Carter of Clarksville, Ind., were married at the home of the bride's parents, Mr. and Mrs. Ferdinand Mavor, in Jordan, yesterday.

Mrs. Barbara Burgie is visiting her daughter, Mrs. J. H. Pierce, at Broadhead.

The Badger Girls' orchestra will play at the evening entertainment Thursday and banquet Friday of the Wisconsin Dalmatian association.

R. A. Elter is confined to his home by illness.

C. A. Gifford has nomination papers in circulation as a candidate for assessor.

Mr. and Mrs. Fred Hall and daughter, who have been visiting relatives here, have returned to their home at Canal Dover, Ohio.

Best Cox and Will Huffman are in Chicago for a few days.

SEND KINDERGARTEN WORK TO S. AMERICA For Exhibition of American School System to Be Held in Buenos Ayres in Spring.

At the request of the Argentine Republic of South America work done by the four kindergarten grades in the schools in this city will be sent to South America where it will be exhibited at an exposition to be held in Buenos Ayres of the American school system. The Argentine Republic intends to remodel its school system and adopt that of the United States. In order to have something to work with it is planning to hold an exposition of all kinds of school equipment including text books, work done in the school, etc. Different schools in the country were chosen by officials at Washington to furnish examples of different work, and Janesville was chosen to furnish the kindergarten exhibit. This is probably in view of the fact that the system was installed

here within the past four or five years and has been pretty well advertised over the country.

The work to be sent was done by the kindergarten grades of the Washington school under the direction of Miss Mary Jacobs of the Jefferson school, Miss Ida Cathman of the Webster school, Miss Mary Buckmaster of the Adams school, and Miss Grace Shoen of the Washington school. On Tuesday last the parents of the pupils have been on exhibition at the Jefferson school since then.

The exhibit will be packed and shipped to Washington tomorrow.

Our American heroines can blame themselves for their marital woes, for fortune-hunters seldom "make good." No, no with our materialized milk. It pleases so thoroughly that bidding us "23" is far from our mind. It is worthy of a trial and we are confident once you become acquainted with it, you'll insist on being supplied with pasteurized milk in the future.

## "BLAK HANS" TO KILL OFFICERS

CITY MARSHAL APPELBY GETS ANONYMOUS MESSAGE.

## FANNIN AND BAIR DOOMED

To a Speedy and Terrible End According to Writer—Bulgarian Leo Couqua Pays Fine and Costs of \$47.11.

Leo Couqua, the Bulgarian principal in the melee at the corner of South Main and Sharon streets at 6:20 Tuesday evening, who entered a plea of "not guilty" to charges of aiming and shooting a revolver, preferred by A. W. Ross and H. H. Hamilton in a complaint yesterday afternoon, pleaded his plea to "guilty" after a night in the bastille, and was this morning sentenced to pay a fine of \$10 and costs amounting to \$7.11 on the first count. The money was turned over to the court by some of his countrymen. Sentence was suspended on the second charge, pending good behavior. When Couqua and his companion, one August Vantom, were arrested by Officers Patrick Manning and Peter Champlin, the first named is alleged to have thrown away the revolver he had been using. At any rate only an old rusty firearm which had not recently been used was found upon his person. He also had a hunting license and a loaded pocket pistol, which gave him the right to shoot at birds, which was all he was doing, so he claimed, when the officers took him into custody. Vantom's wife appeared at the station yesterday morning and when it became evident that he had taken no active part in the mix-up beyond trying to persuade Couqua to abandon his shooting tournament, he was released. Both men and the woman are part of the little colony of the unemployed which settled down some time ago in three of the Rock County Sugar Co's ten-acre shanties. Couqua is far from being a man of prepossessing looks and carriage. He is a "Letter from 'Blak Hans'."

City Marshal Appleby received a strange message by the morning mail. It was addressed to "CHIEF POLICE APPLEBY" and carried a "two cents" stamp. The envelope both "fore and aft" bore a deep, terrifying border of black, rudely worked out with a lead pencil. It had been fairly good white stationery, of the quality generally used by ladies and seldom affected by businessmen. The note found inside of the envelope had been carefully traced by some illiterate and ignorant person on thin paper faintly lined with red. The words were many written but were printed, and many of them had the reformed spelling propaganda bent to a frazzle. City Marshal Appleby's surprised gaze fell upon the following:

"THE 26 Feb  
"HAT FANNIN YOU TIME IS CLOST AT HAND I WILL FILL YOU FOOL OF HOLE YOU IF IT IS THE LAST THING I EVER DO YOU CANT FONDLE ME ON THE HEAD WITH YOUR CLAW THIS IS TRUE YOU AND HIR MUST DIE I WILL KILL YOU SOON I WILL SHUT YOU IN YORE DUTY THE FIRST TIME I MEAT YOU  
BLAK HANS"

Those who have inspected the letter do not believe it is a fake and are convinced that some childish and ignorant person actually sent it to scare the officers. The proximity of its advent to the trouble with the Bulgarians throws suspicion in that direction, though if there be foundation for it Officer Champlin was mistaken for Ex-Patrolman Burr, in name at least.

### RECEIVER TAKES SOUTHERN ROAD

INTERNATIONAL RAILWAY GOES INTO NEW HANDS.

INTEREST DEFAULT CAUSE

Federal Court of Northern Texas Declares Appoints T. J. Freeman, to Assume Charge—Matter Once Before Supreme Body.

Fort Worth, Tex., Feb. 27.—On application made in behalf of the Metropolitan Trust company of New York, before Judge Edward H. Meek of the federal court of the Northern district of Texas, Wednesday afternoon, alleging default of the interest on a bond issue of 1892, T. J. Freeman of New Orleans was named receiver for the International & Great Northern railroad.

Surety will be executed and the receiver will soon qualify to take over the property. Mr. Freeman is general solicitor for the Texas & Pacific railroad and high in the councils of the Gould lines. He left for Dallas Wednesday afternoon.

The International and Great Northern Railroad company, organized in 1873 and reorganized in 1892, operates 1,158 miles of road in Texas, one branch running from Longview to Laredo, and other branches from Fort Worth and from Palestine to Galveston. The company has a bonded indebtedness of \$25,327,053, and capital stock is issued to the amount of \$9,755,000. George J. Gould is president of the International and Great Northern Railroad company and its main office is in Palestine, Tex.

**George Gould Talks.**  
New York, Feb. 27.—Concerning the appointment at Fort Worth, Tex., Wednesday of a receiver for the International & Great Northern Railroad company, George J. Gould, president of the company, Wednesday night said: "The receivership for the International & Great Northern railroad should cause no surprise and is due to conditions and reasons almost entirely local. While there has been an almost unprecedented falling off in revenues due to the business depression prevailing in Texas and elsewhere, and affecting every branch of industry, this alone would not have caused the action now taken.

**Asked to Make Additions.**  
"At a time when revenues are the least and business is at the lowest ebb, the company is called upon by the state commission to make additions and improvements to its fixed and rolling plant and revisions of its property involving the expenditure of several millions of dollars, and to proceed in those expenditures upon a schedule prescribed by the commission without regard to current revenues or the ability of the company to secure funds to meet the expenditures.

**Earnings Decreased, He Says.**  
"These orders have come on top of a decrease in gross earnings for the last four months of \$988,000 or a decrease at the rate of nearly \$3,000,000 a year. It has been impossible to reduce expenses anywhere near proportionately. Even were the earnings as large as formerly they would not provide for these extensive and immediate outlays and the laws of Texas do not admit, even if financial markets did, of the issue and sale of securities to do the work required of the company.

**Order Has Effect of Law.**  
"The orders of the commission have the effect of laws unless nullified by the court, and the requirements now placed on the company for these great and immediate outlays without the revenues, the credit, the securities or the market to provide the money, means such insolvency as would render the laws of Texas impotent. The state authorities to apply for receivership, in view of the foregoing it seems as if, for the conservation of all interests it was necessary to seek the protection of the court where all interests can be properly represented.

**"White Hand" Society Formed.**  
St. Louis, Mo., Feb. 27.—The organization of "White Hand" society among wealthy St. Louis Italians for protection against the Italian who stole themselves the Black Hand, was disclosed Wednesday after it was learned that Dr. Monastrell had been threatened with decapitation in a letter bearing the Black Hand signature.

### ROOSEVELT SAYS "NEVER LET UP"

PRESIDENT TO CONTINUE WAR ON CORRUPTION.

TALKS TO EDUCATION BODY

In Address to Delegates Chief Executive Declares That Fight Against "Rottenness" Is Still in Its Young Stage.

Washington, Feb. 27.—That there will be no let up in President Roosevelt's policy of warring "against rottenness and corruption," was emphatically declared by the president Wednesday in an address to the delegates to the National Education association during their reception at the White House.

Continuing, the president gave his views on educational methods at considerable length and with characteristic catholicity of thought and vigor of expression.

At Wednesday's business session of the association Oklahoma City was selected as the next meeting place and officers were elected as follows: President, W. H. Eliot, Cleveland, O.; first vice-president, David H. Johnson, Rock Hill, S. C.; second vice-president, Miss Ida Bender, Buffalo, N. Y.; secretary, A. C. Nelson, Salt Lake City.

**Country Really Sound.**  
President Roosevelt said: "Seriously, friends, it is idle for any man to talk of despairing of the future of this country or feeling unduly alarmed about it. If he will come in contact with you here and with the forces that you represent. Fundamentally, in its family life and in the outside activities of its individuals the country is better and not worse than it formerly was. This does not mean that we are to be excused if we fail to war against rottenness and corruption, if we fail to contend effectively with the forces of evil; and they waste their time who ask me to withhold my hand from dealing therewith. But it is worth while to smile the wrong for the very reason that we are confident that the right will ultimately prevail.

**Must Train Character.**  
You who are training the next generation are training this country as it is to be a decade or two hence; and while your work in training the intellect is great, it is but as great as your work in training character. More than anything else I want to see the public school turn out the boy and girl who when man and woman will add to the sum of good citizenship of the nation. It is not my province, nor would it be within my capacity, to speak about your pedagogic problems. You yourselves are far better able to discuss them. But as a layman let me say one or two things about your work.

**Educate Towards Labor.**  
In the first place I trust that more and more our people will see to it that the schools train toward and not away from the farm and the workshop. We have spoken a great deal about the dignity of labor in this country, but we have neglected up to our spoken words, the training of the child. The great nations of modern times who have such marvelous works of architecture and art behind them were able to do so because they educated alike the brain and hand of the craftsman. We, too, in our turn must show that we understand the law which decrees that a people which loses physical address invariably deteriorates, so that people shall understand the great carpenter, the good blacksmith, the good mechanic, the good farmer.

**Twelve Seriously Burned.**  
New York, Feb. 27.—Twelve persons were seriously burned, two of whom will die, in a fire Thursday in a five-story tenement which housed 20 families in the east end of First street, Colegrove Harbort, aged 52 years, and his daughter Lena, 20 years old, suffered most.

**Illinois Member Is Sworn.**  
Washington, Feb. 27.—N. B. Thielwood was Wednesday sworn in as a member of the house of representatives from the Twenty-fifth district of Illinois in succession to the late George W. Smith.

### Which ? Beans Cooked in the Can or Baked in the Oven ?

When the New England housewife (and she knows baked beans) bakes beans, she bakes them for hours in a slow, dry oven.

That's the only way to do it. That's the only way to make beans look and taste BEST.

# HEINZ Baked Beans

With Tomato Sauce Plain Pork and Beans (Boston Style) Vegetarian—without Pork

are oven-baked—dry-heat baked. Consequently they are meaty, richly brown and mellow flavored. They're not cooked in a soldered can, with all its dangers, but are conveyed hot from the oven to HEINZ Improved Tins, which are sealed without solder, and afterward thoroughly sterilized. Thus, when you open a tin of HEINZ Baked Beans you find the inside of the tin as bright as a new silver dollar—the beans plump and tender, enriched with HEINZ Tomato Sauce, the flavor of which has never been approached.

Sold by all grocers—10c, 15c, 20c, according to size.

**GOVERNOR CURTIS GUILD OF MASSACHUSETTS.**  
Washington, Feb. 27.—In the clamor and the clamor for the Republican presidential nomination the vice-presidency and its possibilities have been to a large extent overlooked. The suggestion which comes from the west, following his trip to Michigan, that Governor Curtis of Massachusetts presents a favorable timber, is awakening a new interest in the subject, however, and Washington is giving some thought to the situation.

If it be admitted that Secretary Taft is to head the Republican ticket, the logical conclusion is inevitable that the party must turn to the extreme east for the rest of the ticket. Figuring upon the hypothesis that Taft is to be nominated for president really leaves a much simpler vice-presidential problem than any other because the field from which it is logical for the party to choose all eastern running men is decidedly limited. The first conclusion is that New York state could name a vice-president with unimpaired conservatism should it so desire. If Governor Hughes could be prevailed upon to accept the second place on the ticket it is probable that without possibility of further dispute for the sentiment of the country is unquestionably behind the chief magistrate of the empire state. Were a combination of "Taft and Hughes" possible it is perfectly evident to every student of Republican politics that such would be the ticket.

But the governor of New York is a non-communative sort of a fellow and he is giving the decided impression that he wants first place or nothing. It was sometime before Governor Hughes friends knew whether he cared even for the vice-presidential nomination. The only other thing they knew positively is that he does not care for another term as governor. There remains then a reasonable doubt on the question of Hughes for vice-president. There is probably no other Republican in New York state who is logically available with Hughes eliminated from the equation.

If Hughes is not to be the vice-presidential nominee it is not an impossible stretch of the imagination to see the possibility beyond the suggestion advanced by Governor Warren of Michigan, that Gov. Curtis of Massachusetts should be Guild of Massachusetts should be the ticket on the national ticket. It is a safe bet that such a combination would be entirely satisfactory to Roosevelt, for Guild was Roosevelt's

## SLAV TERRORISTS NOW FACE DEATH

TEN ARE PLACED ON TRIAL IN  
ST. PETERSBURG.

SOUGHT RUSS DUKE'S LIFE

Hearing Is Held Behind Closed Doors  
—Men Were Also Engaged in Effort  
to Kill Minister of Justice  
—New Code for Finland.

St. Petersburg, Feb. 27.—Ten of the terrorists who participated in the unsuccessful attempt made in this city to kill Grand Duke Nicholas Nicholasovich and M. Chokeglovitch, the minister of justice, were placed on trial Thursday before a military court in the fortress of St. Peter and St. Paul.

Under the regulations the hearing was behind closed doors. An attempt upon the life of a government official, under the rules of minor martial law, is punishable with death. Among the accused is an Italian journalist named Calvino, who has represented in St. Petersburg La Vita di Roma and Il Tempo di Milano. The eleventh man arrested, according to the official announcement, was a direct participant in the attempted outrage, will not be placed on trial, the police saying that the charges against him are not sufficient.

May Be Police Agent.  
It is thought that this eleventh man may be one of the police agents through whom the plot was revealed. The other terrorists, who were gathered in, but who were not caught in this act, as well as those arrested since the frustration of the plot, are held for further investigation.

From documents seized by the police, the conclusion has been reached that one of the centers for the manufacture of bombs was located in the Baltic provinces. Consequently the authorities sent a detachment of police agents to this place to make further arrests.

Would Reorganize Police.  
In order to cope more adequately with the Russian revolutionists who make their headquarters in Finland the minister of the interior has drafted and sent to Helsingfors a project for the reorganization of the Finnish police. These new regulations give Russian detectives facilities for the surveillance of terrorists and oblige the Finnish police to arrest all suspects instantly upon the demand of their Russian colleagues. The project provides also that Russian agents be empowered to make arrests immediately without warrants in cases where no Finnish police officers are available. Provision is made further for the surveillance of Finnish subjects suspected of co-operation with the revolutionists, but this article of the new regulations will be opposed by the Finnish administration.

### SENATE RUSHES ALDRICH BILL.

Currency Measure Is Given Unquestioned Right of Way.

Washington, Feb. 27.—After passing the penal code bill the senate Wednesday, on motion of Senator Aldrich, advanced the emergency currency bill to the position of unfinished business, which action has the effect of giving it unquestioned right of way. Speeches on the currency bill were made Wednesday by Senators Culberson (Dem., Tex.) and Nelson (Rep., Minn.). Senator Culberson outlined a number of amendments he will submit to the bill.

Brigands Kill in Raid.  
Kielce, Russian Poland, Feb. 27.—Ten brigands Wednesday attacked a train, hurling three bombs at it and firing many shots from their rifles. They killed one soldier and wounded three more and three train hands. They made their escape on the engine of the train with \$10,000 in gold.

## DALZELL DEFENDS PARTY

TELLS HOUSE OF REPUBLICAN POLICIES.

Pennsylvania Representative Makes Exhaustive Speech — Takes Sherman Law Credit.

Washington, Feb. 27.—An exhaustive speech in defense of Republican policies was delivered in the house of representatives Wednesday by Mr. Dalzell of Pennsylvania.

He referred to the several political speeches that have been made in the house and said that the most noticeable thing in the discussion had been the measure of credit the Democrats were willing to concede to President Roosevelt.

Quoting from Mr. Bourke Cockran's recent speech that there never had been a policy permanently incorporated into the political system of the country that was not of Democratic origin, Mr. Dalzell said that there never had been such policy that was of Democratic origin, "with the exception of the establishment of an independent treasury system and the extension of territory in the interest of slavery."

### ELITE DINE FAIRBANKS.

Vice-President Makes Record Trip to New York and Home.

New York, Feb. 27.—Vice-President Charles W. Fairbanks arrived here from Washington late Wednesday evening, was the guest at a dinner held at the home of Col. William Harbord on West Fifty-third street, and returned to Washington immediately after the conclusion of the dinner. Fellow guests of the vice-president at the Harbord dinner were Gov. John Franklin Fort of New Jersey, former Gov. Franklin Murphy of that state, and the present members of the Republican national committee from New Jersey, Senator John Kean and former Attorney General John W. Griggs. New York city was represented at the gathering by a score of prominent bankers and financiers.

Panic at Blaze.  
Chicago, Feb. 27.—Two girls fainted and 48 other telephone operators in the main exchange of the Chicago Telephone company, 263 Washington street, were thrown into a panic Thursday morning when smoke entered the building from a four-story brick structure at 191-93 Washington street, where a fire was discovered in the basement. Four firemen were slightly overcome by smoke. The damage was estimated at \$40,000.

Senate Stands by Kelsey.  
Albany, N. Y., Feb. 27.—Without a word of comment or debate on the merits of the question and by a vote almost duplicating that of last year the senate Wednesday for the second time refused to concur in the renewed recommendation of Gov. ### THREE DEATHS IN FLOOD.

Damage in Eastern Deluge Mounts into High Total.  
Philadelphia, Feb. 27.—The death of at least three persons and much property damage was caused in eastern Pennsylvania Wednesday by floods precipitated by heavy rains and melting snows. Bridges were swept away, mills and manufacturing establishments inundated and railroad tracks flooded, so that traffic was interfered with. J. C. Clausen, a farmer, was drowned above Easton while attempting to ford the Bushkill creek, which had overflowed. Frederick Garkinsmyer of York was caught in the flood in Codorus creek and drowned, and Michael Gallagher, Jr., aged ten years, of Allentown, lost his life by falling into the swollen waters of Jordan creek.

JANESVILLE'S GREATEST DEPARTMENT STORE

# ANNOUNCEMENT

I have decided to open an office and piano parlors in the Carpenter Block, Room No. 4, over Archie Reid's store, and on Saturday morning, Feb. 29, 1908, at 9 o'clock, will take place

## A Grand Opening Sale of the Famous Newman Bros. and Reynolds Pianos

The special sale will continue until March 10th. A cordial invitation is extended to the general public and friends who wish to see and hear more about

THE FAMOUS  
NEWMAN  
BROS.  
PIANOS

People who do not love music are hard to find. "Where music dwells the heart becomes attuned to all that's best in Nature and in life." Buy a GOOD PIANO when you buy. The real worth of a piano is in the refinement and purity of tone, the chaste and exquisite case design, the plain sympathetic touch—the satisfaction that it will give for years.

Bear in mind the fact that whenever a dealer goes below our prices he also goes considerably below our qualities.

## SPECIAL SALE PRICES:

ONE WEEK--MARCH 2nd TO 7th

Miss McDowell Will Give Corset Demonstrations

We cordially invite you to visit our Corset Department and meet Miss McDowell, expert corsetiere, who will demonstrate our line of

Royal Worcester, Bon Tons and Adjusto Corsets

This affords any lady an opportunity to secure just the corset her figure requires. You will learn much by talking with a lady of Miss McDowell's experience in fitting corsets.

We aim to carry the largest and most representative line of Corsets in Southern Wisconsin and to keep thoroughly up-to-date. We are constantly getting in new models to meet the frequent changes in fashions.

## Corset Durability Depends Upon Design

The unnatural lines produced by faulty construction will strain the best materials hopelessly out of shape. Will break down the boning and ruin the entire fabric speedily and completely.

TO INSURE PERFECT DESIGN, the makers of Royal Worcester Corsets engaged an Expert, a man so versed in corset lore, that his designs follow the natural lines of the figure; a man who has studied anatomy in its relation to corsage and applied its principles so successfully that

## Royal Worcester or Bon Ton Corsets

never have to be "broken in." They fit perfectly, improve the figure, accentuate its natural beauty lines and impart welcome comfort from the moment they are first worn.

PRACTICE MAKES PERFECT—FORTY-SEVEN YEARS of producing top-notch quality corsets are back of

Royal Worcester \$1.00 to \$3.00; Bon Ton \$3.00 to \$8.00; Adjusto, \$3
